

The role of the Governing Body at St. Kenelm's CE Primary

Welcome to the section of the website where you can find out more about your governors and the work of the Governing Body. The Governors are responsible for strategic planning for the school, monitoring the curriculum and for arranging and controlling the budget. The governing body meets as a whole twice a term and more frequently in sub-committees to discuss particular aspects of the school.

How we work: As a full Governing Body we meet together six times a year. The bulk of the work of the Governing Body is carried out by committees and working groups, where specific issues are discussed and decisions made. In addition to these core committees other working groups may be formed depending on the current issues.

Working together : To ensure St. Kenelm's is successful, children, parents, staff and community partners must work together to make it possible for every child to succeed and reach their potential. To achieve this, and to carry out our role as governors effectively, we need to know what issues are important to you (so we remain responsive) and ensure that you know what issues the governors are discussing (so that we remain accountable).
